9561-Golden Striato

ULTIMATE RANGE

Inspired by the natural beauty of travertine, featuring a warm beige base with soft golden linear veining. The delicate veining flows evenly across the surface, creating a seamless visual continuity.

Slab size: 3230mm x 1630mm Thickness: 20mm Surface Finish: Polished

9938-Bella Oro

ULTIMATE RANGE

Features a clean white base, enriched by flowing golden veining that moves confidently across the surface. The warm gold tones add contrast and definition, creating a sense of movement and visual depth.

Slab size: 3230mm x 1630mm Thickness: 20mm Surface Finish: Polished

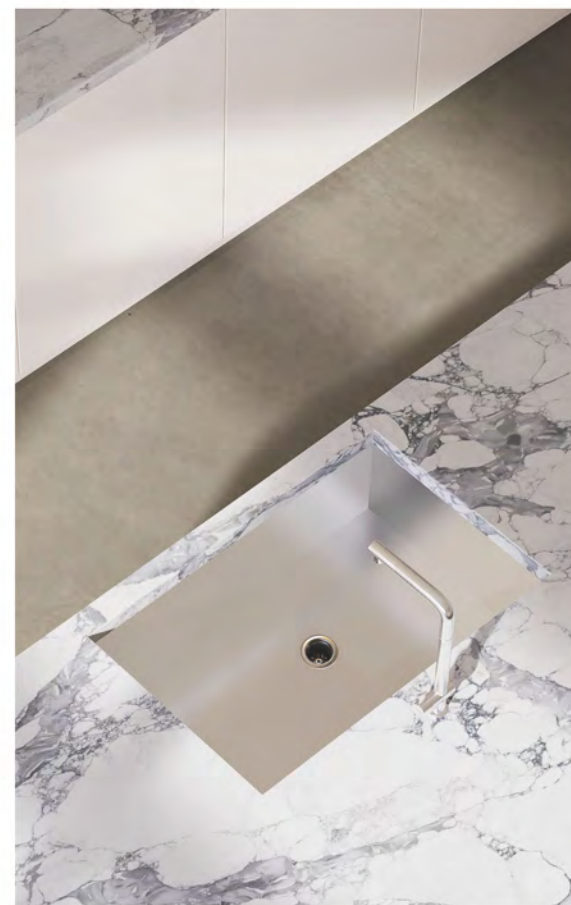

SE07-Luca Del Mare

SPECIAL EDITION RANGE

Features a serene grey-blue base, adorned with intricate crackle patterns that evoke the fluid movement of ocean waves. The fine, fissured texture flows across the surface, adding depth and natural rhythm to the stone.

Slab size: 3230mm × 1630mm Thickness: 20mm Surface Finish: Polished

SE09 - Super Arabescato

SPECIAL EDITION RANGE

Inspired by Calacatta marble, Super Arabescato features a white marble base with soft grey veining. The elegant veins flow evenly across the surface, creating a refined and harmonious appearance.

Slab size: 3230mm x 1630mm Thickness: 20mm Surface Finish: Polished

SE10 - Eos Illumina

SPECIAL EDITION RANGE

Features a creamy base with subtle beige gradients that flow seamlessly across the surface. Delicate crackle details add texture, while its translucent quality gently plays with light.

Slab size: 3230mm × 1630mm Thickness: 20mm Surface Finish: Polished
